Dr. Brown's Services CS4 Manual Installations

Follow these four steps to installing the files into the correct location on your Macintosh or PC computer. The path location for the files is indicated in red.

Macintosh Users:

Step 1 – Locate the files named Dr. Brown's 1-2-3 Process.jsx and a folder named Icons from the downloaded manual installation folder.
a. Dr. Brown's 1-2-3 Process.jsx
b. Icons Folder

Step 2 –Place these two items from **Step 1** into the Scripts folder. Open your Macintosh hard disk window (originally named Macintosh HD which is the Root System) and find the Library Folder. Place the 2 items as follows.
Applications / Adobe Photoshop CS4 / Presets / Scripts
Remember; only move these two files to this location.

Step 3 – Locate the file named Dr. Brown's Services.jsx from the downloaded manual installation folder.
a. Dr. Brown's Services.jsx

Step 4 – Place this one item into the Adobe Bridge folder at the following location on your computer
(Macintosh HD) Root System / Library / Application Support / Adobe / Startup Scripts CS4 / Adobe Bridge
Remember; only move this one file to this location.

Standard PC Users:

Step 1 – Locate the files named Dr. Brown's 1-2-3 Process.jsx and a folder named Icons from the downloaded manual installation folder.
a. Dr. Brown's 1-2-3 Process.jsx
b. Icons Folder

Step 2 – Place these two items from Step 1 into the Scripts folder at the following location on your computer.
Program Files / Adobe / Adobe Photoshop CS4 / Presets / Scripts
Remember; only move these two files to this location.

Step 3 – Locate the file named Dr. Brown's Services.jsx from the downloaded manual installation folder.
a. Dr. Brown's Services.jsx

Step 4 – Place this one item into the Adobe Bridge folder at the following location on your computer
Program Files / Common Files / Adobe / Startup Scripts CS4 / Adobe Bridge
Remember; only move this one file to this location.

64 Bit PC Users:

Step 1 – Locate the files named Dr. Brown?s 1-2-3 Process.jsx and a folder named Icons from the downloaded manual installation folder.
a. Dr. Brown's 1-2-3 Process.jsx
b. Icons Folder

Step 2 – Place these two items from Step 1 into the Scripts folder at the following location on your computer.

For the 32 bit version of Photoshop copy here:
Program Files (x86)/ Adobe / Adobe Photoshop CS4 / Presets / Scripts

For the 64 bit version of Photoshop copy here:
Program Files/ Adobe / Adobe Photoshop CS4 / Presets / Scripts

Remember; only move these two files to this location. You need to do this twice if you want the scripts on both the 32 and 64 bit versions of Photoshop.

Step 3 – Locate the file named Dr. Brown?s Services.jsx from the downloaded manual installation folder.
a. Dr. Brown's Services.jsx

Step 4 – Place this one item into the Adobe Bridge folder at the following location on your computer.
Program Files (x86)/ Common Files / Adobe / Startup Scripts CS4 / Adobe Bridge

Remember; only move this one file to this location. You do not need to copy this file to the 64 bit folder. Only do this once.
